<td>KDA144 Design Thinking 2 - Clouds</td>
</tr>
<tr>
<td>Student Elective (100-level)</td>
<td>Breadth Unit (100-level)</td>
</tr>
</tbody>
</table>

NOTES

1. The only choices you need to make are (a) the Student Elective unit you wish to take plus (b) a Breadth unit. These should be at introductory level i.e. units coded XXX1xx. A student elective can be any subject provided you meet the prerequisites and the unit is available to be taken as an elective (see unit description in the Course and Unit Handbook). Student electives allow you to add variety and breadth to your study or to take units that complement your main area of study.

   Breadth units are an integral part of the curriculum providing a multi-disciplinary approach to a particular subject matter. To see what Breadth units are offered go to [http://www.utas.edu.au/students/lead-achieve/breadth-units/offерings](http://www.utas.edu.au/students/lead-achieve/breadth-units/offерings)

2. If you have been granted credit/advanced standing you should consult a Course Information Officer for enrolment assistance, if required.

3. We strongly advise that you make all efforts to enrol before the start of semester. Self-enrolment into units closes at the end of Week 2 of semester.

FYG: 14 August 2018
