**NOTES**

1. The Bachelor of Science involves making subject choices. Therefore, you need to do your homework before enrolling and consult the Course and Unit Handbook for information on the course structure and review subject information so that you are aware of any subject pre-requisite requirements.

2. Enrolment pre-requisites do apply to certain Year 1 CoSE offered units: KRA113, KRA101, KRA114, KRA102, KYA101, KYA102, KMA152, KMA154, KMA155 and KIT107. It is your responsibility to check that you meet the pre-requisite(s) prior to enrolling.

3. Completion of a Physics major also requires the completion of a Mathematics minor.

4. You can select both Mathematics and Statistics and Operations.

5. You can select either a Computer Science major/minor or a Data Technology minor but not both.

6. If you have been granted credit/advanced standing you should consult a Course Information Officer for enrolment assistance, if required.

7. We strongly advise that you make all efforts to enrol before the start of semester. Self-enrolment into units closes at the end of Week 2 of semester.
