<td>KDA147 Materials and Connections (minor)</td>
</tr>
<tr>
<td>Student Elective (100-level)</td>
<td>Student Elective (100-level)</td>
</tr>
</tbody>
</table>

NOTES

1. You must select one Minor from the following:
   - Visual Communications (Hobart)
   - Spatial Design (Launceston)
   - Object Design (Hobart or Launceston)
   - Creative Technology (Hobart or Launceston)
   - Business and Entrepreneurship (Hobart or Launceston)

2. Units comprising each minor are outlined in the Course and Unit Handbook. Go to [http://www.utas.edu.au/courses/cse/courses/p3i-bachelor-of-design](http://www.utas.edu.au/courses/cse/courses/p3i-bachelor-of-design)

3. The only choice you need to make is what Student Elective units you wish to take. Both should be at introductory level i.e. units coded XXX1xx. A student elective can be any subject provided you meet the prerequisites and the unit is available to be taken as an elective (see unit description in the Course and Unit Handbook). Student electives allow you to add variety and breadth to your study or to take units that complement your main area of study.

4. If you have been granted credit/advanced standing you should consult a Course Information Officer for enrolment assistance, if required.

5. We strongly advise that you make all efforts to enrol before the start of semester. Self-enrolment into units closes at the end of Week 2 of semester.

6. For up-to-date information regarding unit descriptions and course structure for subsequent years of the program go to [http://www.utas.edu.au/courses/cse/courses/p3i-bachelor-of-design](http://www.utas.edu.au/courses/cse/courses/p3i-bachelor-of-design)
