<td>BEA112 Principles of Finance</td>
</tr>
<tr>
<td>Breadth Unit (100-level)</td>
<td>Student Elective (100-level)</td>
</tr>
</tbody>
</table>

NOTES

1. In 2020 the first year of this course will be available at the Cradle Coast and Launceston campuses, after which students transfer to Hobart to complete their final 2 years.

2. The only choices you need to make are what Breadth unit and what Student Elective unit you wish to take. Both should be at introductory level i.e. units coded XXX1xx. The semester in which you take the unit is not critical.

3. Breadth units are an integral part of the curriculum providing a multi-disciplinary approach to a particular subject matter. To see what Breadth units are offered go to [http://www.utas.edu.au/students/lead-achieve/breadth-units/offerings](http://www.utas.edu.au/students/lead-achieve/breadth-units/offerings)

4. Student electives require you to select a unit of your own choice. It can be any subject provided you have met the pre-requisites and it is available to be taken as an elective (see unit description in the Course and Unit Handbook). Student electives allow you to add variety and breadth to your study or to take units that complement your main area of study.

5. If you have been granted credit/advanced standing you should consult a Course Information Officer for enrolment assistance, if required.

6. We strongly advise that you make all efforts to enrol before the start of semester. Self-enrolment into units closes at the end of Week 2 of semester.

7. For up-to-date information regarding unit descriptions and course structure for subsequent years of the program go to [http://www.utas.edu.au/courses/cse/courses/p3k-bachelor-of-applied-science-agriculture-and-business](http://www.utas.edu.au/courses/cse/courses/p3k-bachelor-of-applied-science-agriculture-and-business)
