First Year Enrolment Guide 2020

College of Sciences and Engineering

Course Name: Bachelor of Marine and Antarctic Science

Course Code: P3L

Major/Specialisation: Marine Biology

Campus: Hobart

If you are undertaking the Marine Biology specialisation, you should enrol as follows:

<table>
<thead>
<tr>
<th>Semester 1</th>
<th>Semester 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>KSA101</td>
<td>KSA102</td>
</tr>
<tr>
<td>Introduction to Marine and Antarctic Science A</td>
<td>Introduction to Marine and Antarctic Science B</td>
</tr>
<tr>
<td>KZA161</td>
<td>KPZ163</td>
</tr>
<tr>
<td>Biology of Animals</td>
<td>Ecology</td>
</tr>
<tr>
<td>Unit 1 Minor</td>
<td>Unit 2 Minor</td>
</tr>
<tr>
<td>Breadth Unit (100-level)</td>
<td>Student Elective (100-level)</td>
</tr>
</tbody>
</table>

NOTES

1. You must select one Minor from the following:
   - Chemistry and Environment*
   - Data Technology
   - Geographic Information Systems and Remote Sensing
   - Geology
   - Physics*

   *Enrolment pre-requisites apply.

2. Units comprising each minor are outlined in the Course and Unit Handbook.

3. You will also need to choose what Breadth unit and what Student Elective unit you wish to take. Both should be at introductory-level i.e. units coded XXX1xx. The semester in which you take the unit is not critical.

4. Breadth units are an integral part of the curriculum providing a multi-disciplinary approach to a particular subject matter. To see what Breadth units are offered go to [http://www.utas.edu.au/students/lead-achieve/breadth-units/offerings](http://www.utas.edu.au/students/lead-achieve/breadth-units/offerings)

5. Student electives can be any subject provide you have met the pre-requisites and the subject is available to be taken as an elective (see unit description in the Course and Unit Handbook). Student electives allow you to add variety and breadth to your study or to take units that complement your main area of study.

6. If you have been granted credit/advanced standing you should consult a Course Information Officer for enrolment assistance, if required.

7. Holders of conditional offers (e.g. subject to passing a foundation unit) will be checked after the release of foundation unit results to make sure conditions are met.

8. We strongly advise that you make all efforts to enrol before the start of semester. Self-enrolment into units closes at the end of Week 2 of semester.
